

Indiana Archaeology Month

September 2012

Calendar of Events

The **Division of Historic Preservation and Archaeology** (DHPA), part of the Indiana Department of Natural Resources, is proud to have coordinated Indiana Archaeology Month, the seventeenth annual statewide archaeology event.

Again this year, many exciting events will be available for the public to attend. We hope that more and more people will gain a greater appreciation for the science of archaeology and what it may teach us about the past. We encourage you to call either the contact person listed for the event or the Division (317/232-1646) to obtain information regarding the various activities.

A note for those bringing archaeological artifacts for identification to events -- monetary values will not be provided. The value of artifacts lies in what they may be able to tell us about the past and the people who made them.

A list of those who have made Indiana Archaeology Month 2012 events possible is provided at the end of this document. We appreciate all that the event hosts, and participants, have done to make this another successful Indiana Archaeology Month.

You might want to double-check with event hosts regarding whether their location is on Central Time or not. When it was provided, we have included the Central Time information with the relevant events. To access a helpful map, please feel free to go to <http://www.state.in.us/core/files/Timezonespring.pdf>.

A section towards the end of the document divides the state into segments. This will allow for a quick search of events held in a certain region of the state.

Note: Additional events may be added to the calendar after the date at the end of this document. Feel free to contact Amy Johnson, [ajohnson@ dnr.IN.gov](mailto:ajohnson@dnr.IN.gov), regarding any events which may be added later than the date this document was compiled.

For events where Division of Historic Preservation and Archaeology staff (Dr. Rick Jones, Amy Johnson, Cathy Draeger-Williams, Wade Tharp, or Rachel Sharkey) will be attending, a number of free archaeology outreach materials will be available for the public. In addition, they will bring free Indiana Archaeology Month posters for distribution, and commemorative Archaeology Month shirts will be available for purchase (while supplies last).

Single day events are listed below first, followed by multiple day events.

Events prior to September-

August 11- Archaeology Day. Turkey Run State Park, Marshall. 10am–3pm (EDT). Visitor participation will include prehistoric activities such as fire starting, rope making, petroglyph painting, a mock archaeological dig, as well as artifact identification by DHPA archaeologist Cathy Draeger-Williams. Standard gate fees apply and \$1/person to participate. For additional information, contact Barbara Cummings at 765/597-2654 or bcummings@dnr.IN.gov.

August 12- 1-3pm. Archaeology Roadshow at the Indiana State Fairgrounds, Indianapolis. State Archaeologist Dr. Rick Jones and Amy Johnson, Archaeology Outreach Coordinator, will be hosting the DHPA's archaeology roadshow in the amphitheater behind the DNR building. Feel free to bring an archaeological artifact for identification. No monetary values will be provided. For additional information, contact Amy Johnson at 317/232-6982 or [ajohnson@ dnr.IN.gov](mailto:ajohnson@dnr.IN.gov).

August 30- 6:30pm. Willard Library, Evansville. Mike Linderman, Western Regional Manager for State Historic Sites, will speak on the work of Eli Lilly and Glenn Black and the WPA facility that was built in 1939 at what is now Angel Mounds State Historic Site. The facility was razed around 1977. Mr. Linderman will also discuss the goal of reconstructing the facility to not only be an historically accurate representation of the original, but also a functioning resource for archaeological researchers working in southwestern Indiana. For additional information about this free presentation, call 812-425-4309.

Single Day Events-

Sept. 7- Noon-1pm (EDT). Mathers Museum of World Cultures/Glenn A. Black Laboratory of Archaeology, 416 North Indiana Avenue, Bloomington. Dr. G.
